

Department of Transportation — Federal Aviation Administration

Supplemental Type Certificate

Number SA169RM

This certificate, issued to Heliarc Welding Service, Inc.
3965 Newport Street, P. O. Box 38509
Denver, Colorado 80238

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 3 of the Civil Air Regulations.

Original Product — Type Certificate Number: A7CE

Make: Cessna

Model: 411, 411A, 421, 421A and 421B

Description of Type Design Change:

Installation of exhaust stacks per Heliarc Welding Service List No. 1, dated April 17, 1978 and FAA approved February 7, 1979, or later FAA approved revision.

Limitations and Conditions:

This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of these other previously approved modifications will introduce no adverse effect upon the airworthiness of the aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: June 1, 1978

Date issued: February 4, 1985

Date of issuance: February 7, 1979

Date amended: February 4, 1985

By direction of the Administrator
